S. C. A. MESSAGE TO THE STUDENT BODY

Dear GHS students of 2018-19,

On behalf of the student body, I am proud to welcome new and returning students back to GHS for this school year. This year has a lot of potential to be one of the best yet in recent years. GHS is like one big team, and we all need to work together to make this year great. To do this, the SCA will need everyone's help! Don't hesitate to talk to me or any other SCA members this year. I myself have a Twitter (@wcecil_) to announce important extracurricular activities and send/receive messages regarding the school.

The main mission of our SCA this year will be making Giles High School as positive of an environment as it can be. This can and will be accomplished in many ways, such as being kind to others and having as much school spirit as we can. The tradition of being a Spartan runs deep in this county, and we must continue this by being proud of everything we do. Most importantly, we must make sure to show all teams and clubs support in their respective competitions or events. The SCA is only as strong as our student body, and will certainly need everyone's help to make sure this year is truly great.

Sincerely,
Will Cecil
SCA President

NOTICE TO SPECTATORS

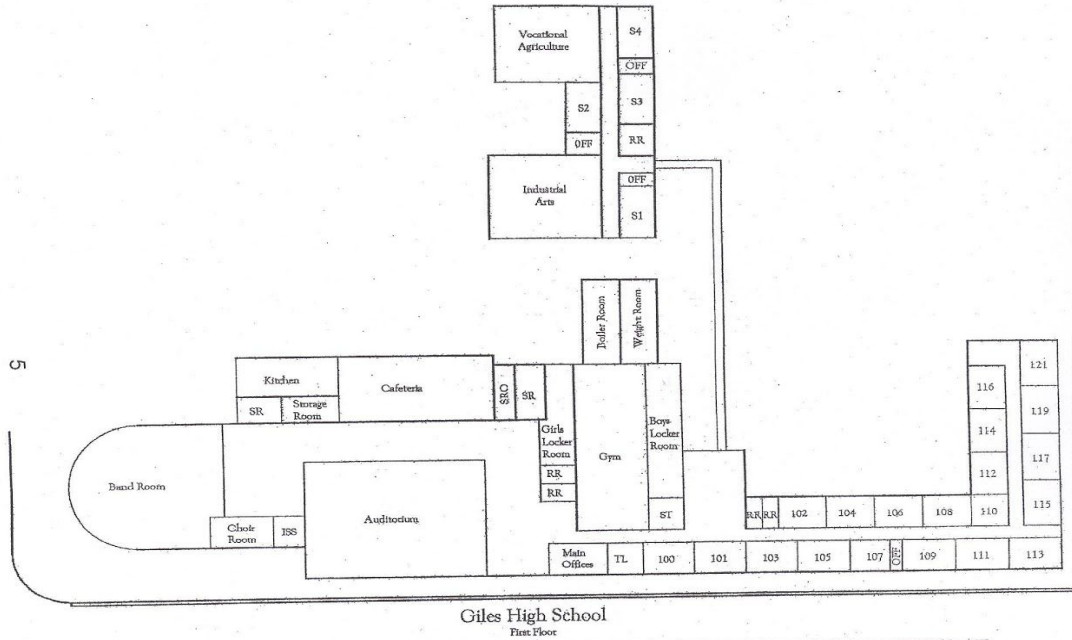

In this day and age sports play an important role in one's high school career; therefore, good sportsmanship is vital. In order to maintain sportsmanlike conduct we, the student body of Giles High School, will abide by a code of fair play in each sport in which we participate. According to the Virginia High School League rules governing spectator behavior, the spectator should:

- Realize that he represents the school just as definitely as a member of a team, and, therefore, has an obligation to be a good sportsman, encouraging through behavior the practice of good sportsmanship by others.
- Recognize that good sportsmanship is more important than victory by approving and applauding good team play, individual skill, and outstanding examples of sportsmanship and fair play exhibited by either team.
- Recognize that, since the primary purpose of interscholastic athletics is to promote the physical, mental, moral, social, and emotional well being of the players through the medium of contests, victory or defeat is, in reality, of secondary importance.
- Treat visiting teams and officials as quests, extending to them every courtesy.
- Be modest in victory and gracious in defeat.
- Respect the judgement and integrity of officials, realizing that their decisions are based upon game conditions as they observe them.
- Failure to conduct yourself in a positive way shall result in exclusion to attend school activities and result in No Trespassing order. There may or may not be a warning.

School Board Policy: JFCE

Prohibits inappropriate congregating, bullying, harassment, initiations, hazings, intimidations, and/or related activities which are likely to cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to students.

STUDENT CONDUCT

The standards of student conduct are designed to define the basic rules and major expectations of students in the public schools of Giles County. It is the responsibility of the Giles County School Board to adopt policy and regulations and the administration to issue regulations establishing rules of conduct for student behavior in order to protect the health, safety and welfare of its students. The local school principal has the responsibility and authority to exercise reasonable judgment in enforcing this Code of Conduct. Principals are responsible for ensuring that all students, staff members, and parents are provided the opportunity to become familiar with this policy.

The superintendent issues Standards of Student Conduct, and a list of possible corrective actions for violation of the Standards of Conduct. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and supportive of individual rights. The Standards of Student Conduct and a notice of the requirements of Va. Code § 22.1-279.3, and a copy of the compulsory school attendance law is also sent to all parents within one calendar month of the opening of schools simultaneously with any other materials customarily distributed at that time. A statement for the parent's signature acknowledging the receipt of the Standards of Student Conduct, the requirements of Va. Code & 22.1-79.3, and the compulsory school attendance law is

SPARTAN HANDBOOK

also be sent. Parents are notified that by signing the statement of receipt, they are not deemed to waive, but expressly reserve, their rights protected by the constitution or laws of the United States or Virginia. Each school maintains records of the signed statements.

The school principal may request the student's parent or parents, if both have legal and physical custody, to meet with the principal or principal's designee to review the School Board's Standards of Student Conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with compulsory school attendance law, and to discuss improvement of the child's behavior, school attendance, and educational progress. The administrator of the building should exercise reasonable judgment and consider the circumstances in determining the disciplinary action to be administered.

Each student has the right to expect an educational environment in which he or she can strive to achieve his or her intellectual potential. The student is expected to attend school regularly, be diligent in his/her studies and conduct him/herself in such a way that the rights and privileges of others are not violated. The student is expected to accept and demonstrate the obligation of good citizenship to help prevent problems from happening and help solve problems if they occur.

All parents are expected to assume responsibility for the student's behavior and assist the school in enforcing the Standards of Student Conduct and compulsory school attendance. Parents are also expected to maintain regular communication with school authorities, monitor and require daily attendance, and bring to the attention of the school authorities any problem that affects the student or other children in the school. It is the parent's responsibility to notify the school of any unusual behavior pattern or medical problem that might lead to serious difficulties.

The school principal may notify the parents of any student who violates a School Board policy or the compulsory school attendance requirements when such violation could result in the student's suspension or the filing of a court petition, whether or not the school administration has imposed such disciplinary action or filed such a petition. The notice shall state (1) the date and particulars of the violation; (2) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compliance with compulsory school attendance; (3) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (4) that a petition with juvenile and domestic relations court may be filed under certain circumstances to declare the student a child in need of supervision.

The principal or principal's designee notifies the parent of any student involved in an incident required to be reported to the superintendent and Virginia Board of Education.

No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or his designee determines that readmission, without parent conference, is appropriate for the student.

If a parent fails to comply with the requirements of this policy, the School Board may ask the Juvenile and Domestic Relations Court to proceed against the parent in accordance with the requirements of the Code of Virginia.

Students are subject to corrective action for any misconduct that occurs:

- in school or on school property
- on a school vehicle
- while participating in or attending any school sponsored activity or trip
- on the way to and from school; and
- off school property, when the acts lead to: (1) notification pursuant to Va. Code §16.1-305.1 or a conviction for an offense listed in Va. Code § 16.1-260, (2) a charge that would be a felony if committed by an adult, or (3) disruption of the learning environment.

Unlawful acts which will lead to police notification and may lead to suspension from classes, exclusion from activities or expulsion include but are not limited to:

Any student involved in a reportable drug or violent incident shall participate in prevention and intervention activities deemed appropriate by the Superintendent or superintendent's designee. Further, any student who has been found to be in possession of or under the influence of drugs or alcohol on school property or at a school sponsored activity may be required to (1) undergo evaluation for drug or alcohol abuse and (2) participate in a drug and/or alcohol treatment program if recommended by the evaluator and if the parent consents.

The superintendent issues regulations listing additional actions which may be cause for corrective action and if serious enough or exhibited repeatedly may lead to suspension or expulsion.

The School Board biennially reviews the model student conduct code developed by the Board of Education to incorporate into policy a range of discipline options and alternatives to preserve a safe and non-disruptive environment for effective learning and teaching.

GUIDANCE SERVICES

COUNSELING STAFF

Mr. Ken White- 8th, 9th, 10th

Ms. Carolyn Ballard- 11th, 12th

Mrs. Crystal McMahan – **Guidance Secretary**

The guidance and counseling programs at GHS are designed to assist students in developing personal potentials and abilities to meet compatible goals with student interest. The variety of services offered by the counselors include:

1. **PLANNING AND PLACEMENT:** Through individual and group guidance, students are made aware of course offerings and requirements for graduation. Early in the second semester, an individual interview is held with each student to assist in selection of courses for the following school year. The schedule is planned and approved by the student, parents, and the counselor.
2. **PERSONAL/SOCIAL COUNSELING:** Assists a student in developing an understanding of him/herself and of the rights and needs of others; in resolving conflict; and in defining individual goals, reflecting his interests, abilities, and aptitudes. Such counseling focuses on specific concerns.
3. **FURNISH COLLEGE INFORMATION:** Information areas containing college catalogs, financial aid and scholarship books, and related materials are located in the Career Center in the Library and in the guidance office. You are urged to use these materials; they can be checked out for overnight use. Students will be assisted with their college plans through individual conferences as well as group guidance units in the classroom.
4. **FURNISH EMPLOYMENT INFORMATION:** Through group activities conducted by the guidance staff and English teachers, students are informed and taught job placement skills such as how to find a job, how to properly complete job applications, appropriate conduct in a job interview, and how to prepare resumes.

SPARTAN HANDBOOK

5. **TESTING AND APPRAISAL:** The Guidance Department is responsible for coordinating and administering all school testing programs. The SAT & ACT tests are given throughout the school year. Counselors will assist the student and the student's parents in interpreting the results of the tests.
6. **FOLLOW-UP:** A follow-up study of graduates is completed annually by the Guidance Department. Seniors are informed that they will be contacted by guidance personnel sometime after graduation to secure information on their current status and request suggestions for improving the quality of education at Giles High School.
7. Materials used in the guidance and counseling program are available for parental review. Interested parents should schedule an appointment with the school counselor for this purpose.

A parent may wish to limit participation of his or her child in the Giles County secondary school guidance and counseling program. In this circumstance, the parent/guardian should contact the school principal for further information.

The Superintendent shall promulgate regulations to implement this policy, which shall ensure the provision of timely and adequate notice to students and their parents.

Giles High School will follow all procedures of policy IKF: Standards of Learning and Graduation Requirements

***** 2018-2019 ******

Any student who misses 13 or more undocumented days (waiver required) cannot participate in a school sponsored field trip that would require the student to be absent from classes for 1 full day. Only extenuating circumstances will be reviewed by administration for exceptions to the policy.

Mid-Course Exams & Benchmark Testing

The option exists for mid-course exams/projects to be administered. It is recommended that these be similar in format to state SOL tests or end-of-course exams designed by the teacher. Grades for these evaluations shall be incorporated into the appropriate nine weeks' grade. Schools may develop a schedule for administering exams. There shall be no release from attendance during this period.

Exam Cancellation:

With the implementation of these guidelines, exams/demonstrations shall not be cancelled except under extraordinary circumstances. Scheduling for administration shall be made as appropriate prior to the end of the course. Exams shall be scheduled to end on the last day of the course.

***Attendance/Exam Policy**

The following is based on **overall attendance without the distinction** between AB (absent), PN (parent note), UX (unexcused), OSS, or EX (excused with proper documentation).

Parent or Doctors notes **are required** for each absence. Any student who does not present a note upon the first day of their return is subject to disciplinary action including, but not limited to ISS or OSS.

13 You must apply for a waiver after you miss more than 13 days.

9 You may choose exemption from a final exam if you pass the SOL associated with the class, have an 'A' in the class, and have nine or fewer total absences.

8 You may choose exemption from a final exam if you pass the SOL associated with the class, have a 'B' in the class, and have eight or fewer total absences.

7 You may choose exemption from a final exam if you pass the SOL associated with the class, have a 'C' in the class, and have seven or fewer total absences.

For non-SOL classes, students must have a C average or better, and have 7 or fewer absences. More than 7 absences even with a grade of an A or B must take exams.

- You will automatically have to take all final exams if you have been assigned **OSS**.
- You will automatically have to take all final exams if you have been assigned **three or more days of ISS**.
- Exam exemption policy does not apply to any weighted classes or dual-enrollment taught through NRCC
- If you miss 3 periods, you may not attend any school sponsored event scheduled for that day unless the absence is a verified excused absence (Note from Doctor, Dentist, Court Officer etc.) A death in the immediate family may

SPARTAN HANDBOOK

be accepted based on the principal's evaluation of the situation.

- For those students who are not successful on the SOL test or who fail the course, they must take the final exam/project and it shall count the current 14% of the final grade.

*Policy is subject to change.

ADDITIONAL INFORMATION TO BE CONSIDERED FOR STUDENT PROMOTION

Students who have not successfully mastered the appropriate skills at their grade level shall be considered for a summer remediation program if one is available. If they successfully complete this program, placement at the next grade level will be reconsidered. If students are not successful in this program or cannot attend, then they will be considered for placement if an in-school or after-school remediation program is established for them the following year. The Virginia Department of Education has determined that the SOL's are an important part of the education and assessment of all students in Virginia. Giles County Schools also support this position. In so doing, the school system has purchased software that is to be used for student remediation. This software is expected to be part of any remediation program.

It is imperative that parents/guardians are involved with this process and understand they must accept responsibility for the student's education including any remediation that may be established.

Grades are calculated by the following percentages...S1= 43%, S2=43%, Exam=14% of total grade.

Secondary Grading Scale – Giles County Public Schools

A	90 – 100	Excellent
B	80 - 89	Good
C	70 - 79	Average
D	60 - 69	Below Average
F	Below 60	Failing

GPA CALCULATION

Non Weighted Classes:

A = 4
B = 3
C = 2
D = 1
F = 0

Weighted Classes:

A= 5
B = 4
C = 3
D = 2
F = 0

Example: A student taking the following subjects will have the following GPA's:

Eng 12	= B = 3	NRCC Eng	= B = 4
Geometry	= B = 3	NRCC Math	= B = 4
Biology 2	= B = 3	NRCC Biology	= B = 4
Va/Us	= C = 2	NRCC History	= C = 3

STUDENT COOPERATIVE ASSOCIATION

Every student at Giles High is a member of the Student Cooperative Association. The officers of SCA are elected in the spring; a Chairman is appointed by the officers and the sponsor, and representatives are elected from first period classes. Student Council meets during a regular class period once each nine weeks and may have special meetings at any time.

Since every student at GHS cannot attend the council meetings, it will be the responsibility of the first period representatives to report SCA activities to their classes. When it comes time to vote, be sure to vote wisely and elect a hard worker.

Please keep in mind that our SCA is here to improve instruction and school climate and you can do your part by cooperating and working with school personnel. The SCA will work closely and directly with the faculty and administration for the year. Remember the SCA works along with the faculty and administration to solve problems/concerns or help find solutions for problems/concerns.

Show your school spirit all year, not only for sports, but for your SCA also. An active SCA (both the students and the school) greatly benefits from active individual participation. **DO YOUR PART** – make yourself and Giles High School NUMBER ONE. The sponsor is Mr. Andrew Frazier

The ISS environment provides a well-supervised, self-contained classroom. Although, the in-school supervision program is not intended to replace all other means of disciplinary action, students can be assigned to ISS because they have violated acceptable codes of student conduct. When a student demonstrates repeated behavioral problems resulting in ISS in excess of more than two assignments to ISS, a conference between parent(s) and the school's guidance department will be necessitated. Appropriate administrators and/or teachers may be involved in the conference.
- **Important:** It is the philosophy of GHS that the educational interests and safety of all students be recognized and observed at all times. The school will make every attempt to consider individual student needs in a fair and consistent manner. It cannot be over-emphasized that high school students are expected to take responsibility and ownership of their actions. It is hopeful that GHS administration will not have to use the measures outlined above. Only in the event that students elect not to be responsible is it necessary for disciplinary procedures to be enacted.
- Determinations are made based off of a preponderance of evidence.
